

PET POLICY ANIMAL ADDENDUM

All applicants must complete a Pet, No Pet, or Animal Profile.

We use a third-party service, OurPetPolicy, to ensure all applicants understand how to adhere to the property's pet and animal policies, even if you do not have a pet or animal.

If the Residents have an animal, a Pet Application, Emotional Support Animal Application, or Service Animal, an application must be submitted and approved before the animal is allowed on the Premises.

Pet screening can be completed at <https://scan.ourpetpolicy.com/lease-packet/71Q12W> and MUST be completed prior to move in and/or lease start date.

We strive to provide mutual accountability and responsibility for the benefit of all our residents. It's imperative that ALL our residents fully understand and acknowledge our pet and animal-related policies. This ensures we have formalized pet and animal-related policy acknowledgments and more accurate records to create greater mutual accountability.

If a Residents guest, visitor, or anyone else wishes to bring an animal onto the Premises, an Animal Visit Application must be completed and approved. These applications can be completed at <https://scan.ourpetpolicy.com/lease-packet/71Q12W>.
